LATTER DROVE OFF THE BOERS.

allied from Ladysmith to Meet the Army Returning From Dundee-Had Hot Brush With Burghers-British Territory Annexed by Free State.

LONDON, Oct. 25 .- The Cape Town correspondent of The Daily Mail, telegraphing, said:

"General Yule has performed a brilliant strategical movement. By a swift march to the south, leaving Glencoe empty, he has effected a junction of his forces with those of Sir George Stewart White, slightly to the north of Lady; smith. The two are now in a position to offer battle. I believe the first attack will be made on the large Free State force which entered Natal by way of Tintwa pass and which has since been harrassing Ladysmith. The military authorities decided that by joining their forces the two generals would be better able to cope with one large force at a time than by having two small detachments to oppose simultaneously two big Boer forces.

"Accordingly, after defeating the Free State troops, they will offer battle to Commandant Jonbert. Only 40 miles now separates the two Boer forces. Hence the need of swift and telling action

"The two sections of the Boer army together outuumber the entire British force by three to one. Hard fighting is certain at a very early date. Our men are confident, and there is much "The fighting outside Ladysmith was

a mere brush. The losses on either side were significant. It was mere, J an artillery duel, in which the Boers came off decidedly the worse."
LONDON, Oct. 25.—The following dispatch from General Sir George Stewart White to the Marquis o. Lansdowne, secretary of state for war, was posted

exceedingly strong position west of the main road leading from Ladysmith to Dundee. I also had information that the Dundee force, formerly commanded by General Symons, and since his wounding commanded by General Yule, was falling back on Ladysmith by way of the Helpmaker road, Beith and the valleys of the Waschbank and Sunday rivers and was expected to reach Sunday river valley today. I, therefore, moved out a strong force to cover the novement of Yule's column. Te ene my was discovered about seven miles out of Ladysmith, in a position of great natural strength, west of the road. When he saw that preparations were being made against him, he opened fire

with one gun with great accuracy. "Our artillery soon got into position and the gun was soon silenced. Our troops were ordered to occupy a strong ridge, parallel to the enemy's position, but nearer to the road.

"I contined my efforts to occupying him and hitting him hard enough to prevent his taking action against Yule's column. Numbers of the enemy fled to the west and the firing had practically ceased at 2 o'clock."

News was received direct from Colo-nel Bagen-Powell, dated Mafeking, Oct. It confirmed the statement that in the armored train fight the British had two men killed and 15 wounded, in-cluding Lieutenant Lord Charles Bentinck of the Ninth lancers, slightly wounded. The Boer loss was estimate at 53 killed and many wounded.

Advices from Kimberley, under date
of Oct. 21, sud the Boer attack was

still pending and that large Boer forces in the neighborhood had destroyed big sections of the railroad line north and south of the town. Many fugitives from neighboring villages have been imprisoned by the Boers. Several ladies, hearing their husbands had been captured, visited the Boer camp and were courteously received. Their interces sion for their husbands was successful and the rounted families have arrived at Kumberiey. The prisoners report

that they were well treated. According to runners who have arrived at Kimberley from Kuruman, British Bechuanaland, the resident magistrate there recently presided at a council of the native chiefs. He advised them not to participate in the war. The natives expressed satisfac-tion at the magistrate's explanations

and promised to remain uniescent. A dispatch from Pretoria, dated Oct. 20, indicated that the Rhodesians, under Colonel Plumer, at Fort Tuli, on the Transvaal border, had taken the offensive. They attacked a Boer patrol at Rhodes' drift, but apparently not much damage was done on either side. The Boers said they lost three horses. Cape Town, Oct. 25.—A message re

ceived from Maleking by way of Lor-enzo Marques said: "All well in Mafeking on Oct. 20."

LONDON, Oct. 25 .- The colonial office received a cablegram stating that President Steyn of the Orange Free State had issued a proclamation annexing MOTT'S PENNYROYAL PILLS had issued a proclamation annexing that part of Cape Colony which is north of the Vaal river river. This meant Griqualand, West Bachuanaland, and was apparently in consequence of the Free State torces having seized the railway and all stations north of Kimberley except Mateking, unless Mafeking has fallen since the last news from there.

The colonial office published a cable dispatch received from the British high

commissioner in South Africa, Sir Altred Milner, communicating a signifi-cant dispatch from Sir Godfrey Lag-den, the British resident commissioner in Basutoland, calling attention to the recklessness of the Easutos, whom he said he had been trying to caim. The resident commissioner adds:
"Our policy, however, has been made

difficult by the binstering of the Boers, who have freely threatened to attack Masera and other stations. Those threats, combined with intriguing, have contributed to rouse excitement among the natives. I wish to place it on rec-ord that the Boers have unwisely attempted to shake the allegiance of the Flasutos and frustrate our efforts toward tranquility. The Boers, therefore, are responsible for any commotion and for the a'arm regarding native invasions which now prevails.

CAPE Town, Oct. 25.—Advices were received here from Masera, Basutoland, dated Oct. 23, saying in part:
"A reliable native lately visited a laager of Orange Free State troops just oste Maseru. He found it to con-of wagons surrounded by turf piled that refer high. He noticed only a few Managers. The Boer commandant questioned him regarding the feeling of the Inferent Basuto chiefs, principally the paramount chief, Lorothodi, and, in order to draw the commandant, the nalive replied that the chiefs sided with

"Thereupon, the commandant said the two republics wished to kill the Britishers and to take over and govern the cusuos, restoring to the latter that part of the country which the Free State formerly took from them. As to the Britisher, those whom they failed to ki they would drive into the sea. "The commandant wished a decision on the part or Lorothodi and the other chiels as soon as possible—whether they would fight the Boers or the British because his contingent was anxious to heip the Boers elsewhere.

"Fatting to help the Boers, he wished the Basutos tolagree to remain neutral.'
London, Oct. 25.—The Dady Telegraph has the following from De Aar, Cape Colony, dated Monday evening: The Transvaal government is about issuing a proclamation declaring the dis crict north of the Vaal river and including Bechuanaland to be Boer territory Commandant Cromje, who has be twice repulsed at Mateking, is said to

GENERAL FRENCH.

Who Commands a British Division, e advancing on Kimberley and to impressing men and seizing stores and munitions in British territory. He left a small force investing Mafeking. The Free State Boers are moving westward in order to join kim for an attack on

Kimberley.
"A messenger reports that the Boers are three miles from Kimberley, but are afraid to attack the place, and are awaiting the arrival of Commandant at the war office:

"Ladysmern, Oct. 24.—9 p. m.—Information received yesterday showed that the Boers had established them solves in considerable numbers in an entering of the orange over. The defeats in Natal are taking all the fight one of them and the considerable numbers in an entering of them and the considerable numbers in an example of the orange of them and the considerable numbers in an entering of them and the considerable numbers in an entering of them and the considerable numbers in an entering of them and the considerable numbers in an entering of them are the place, and are awaiting the arrival of Commandant Cronje. No Boers are to be seen south that the Boers had established them are the place, and are the plac they will not attack the entirent troops, though they may deter a a few positions. Indeed, it is a tel here the heaviest ligh ing of the wor is over except for a battle near Presonat."

CANADA'S PROPOSALS.

United States Would Not Arbitrate.

London, Oct. 25 .- Canada's final

proposition for a permanent settlement of the Alaska dispute was very different from her former demands and was delivered to United States Ambassador Choate by the Canadian minister of marine and tisheries, Sir Louis Henry Davies, late the night before the latter sailed. It has been dispatched to Washington by the officials of the United States embassy. It was as follows:
That the boundary line be arbitrated upon terms similar to those imposed by the United States and Great Britain

That, as a condition precedent to and absolutely preliminary to arbitration, Skagway and Dyea would be conceded United States without further

claim if Capada received Pyramid har In other words, Canada gives up much of the disputed gold country in return for a scaport, but stipulates that she must get the latter before she agrees

to arbitrate the boundary line, WASHINGTON, Oct. 35.—When the Alaskan boundary commission was in session last spring and the Canadian proposition was made to settle the boundary question by arbitration, the Ameri can commissioners replied with an offer to accept arbitration with the provisor that no point occupied by Americans for a specified term of years should be submitted to arbitration. In other words, the term was so fixed that by no possibility could the title to Skagway, Dyea, or any other place that the Americans had occupied for a period represented by the discovery of the Klondike fields be called into question

by the arbitration. This was one of the final propositions

rejected by the Canadian sioners. It is not possible to accurately foreeast the view that the state department will take of this last proposition, but it may be proper to recall the fact that in the opinion of the department Canada has no more claim to Pyramid harbor than it has to Skagway and Dyea, and the British government has already been informed of that belief. Therefore, it seems probable that Sir Louis Davies' proposition will not materially advance a permanent settlement of the

boundary question. LINE UP FOR BRYAN.

London, Oh. 25.—Russia agreed to arbitrate with the United States the claim resulting from the seizure of sealers in the Being sea which have been pending for about eight years. A protocol between the two governments has been drawn up, the final formalities are explicitly be concluded next mouth and the arbitration will probably take the form of the Venezuelan court.
